Rene Industries Limited

Manufacturers of Pharmaceutical Formulations

A Milestone To Golden Health

Company at a Glance

Rene Industries was founded in 1996 with the mission to front-line the local pharmaceutical industry through the manufacturer of high quality & affordable medicines in Uganda.

This initiative would steer towards self-sustenance by reducing the dependency of imported drugs in the region.

We manufacture over 90 products with an additional 20 in the pipeline. Our medicines extend over a wide therapeutic range from analgesics, antimalarial, antibiotics to anti-diabetics, antihistamines, antivirals, vitamins, minerals and much more. The Rene facility spans over 12000 square meters with the annual capacity to produce 1.5 billion tablets, 1.2 million dry syrup bottles, 120 million Capsules and 600,000L of Liquid formulations.
